
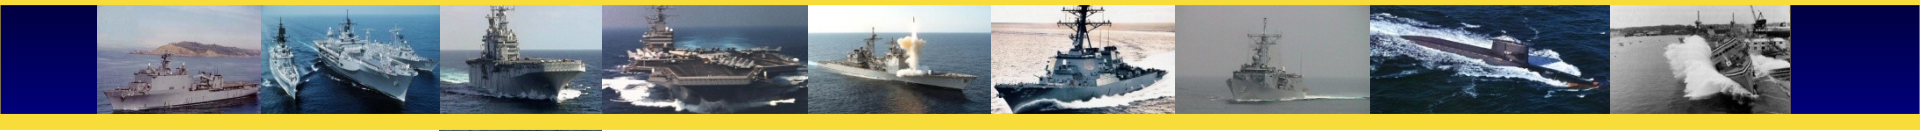
# Training Symposium

# Authorized Medical and Dental Allowance List (AMAL/ADAL) Overview

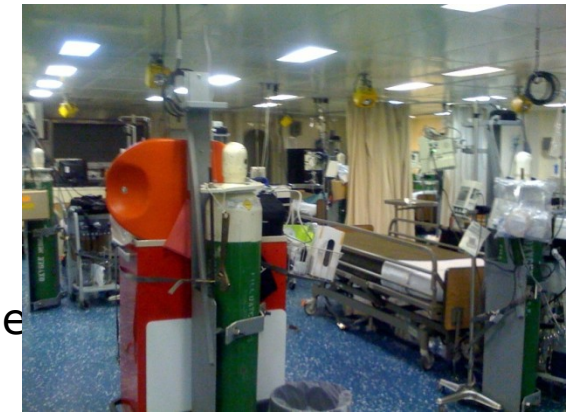
**HMCS(SW/FMF) MATTHEW CASE**
**Fleet AMAL Change Coordinator**
**SUB/SURFACE/AIR/MSC/NECC**

# Topics

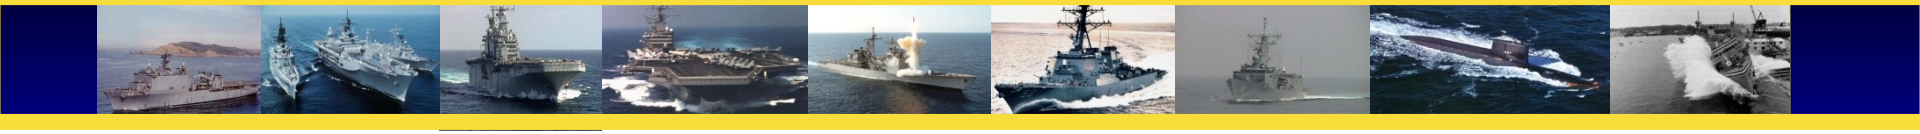
- **Update and Overview**
- **Assemblage Management Status (AMAL/ADAL)**
  - File conversion
  - Customer Interface/Approved Assemblage Web Page
    - ACR Demonstration



# Authorized Medical / Dental Allowance List (AMAL/ADAL)



- The "hub" of the medical materiel logistics wheel
  - Provides for minimum range and depth to support 60 days sustainment and contingency materiel requirements
    - Content Management
  - Owned by Commander, Fleet Forces Command Surge
  - Managed by Type Commander Surgeons
- AMAL and ADAL Technical Data Management
  - Naval Medical Logistics Command Operational Forces Support Directorate (NMLC-04)
  - Issued monthly via SPAWAR via Navy Medicine ONLINE
  - Available at www.nmlc.med.navy.mil in an excel document format
- Changes to Lists
  - AMAL or ADAL Review Chaired by TYCOM Surgeon
  - Individual Allowance Change Request (ACR) submitted through NMLC web and approved through fleet chain of command
  - NMLC initiated administrative change based on Class VIII commodity management efforts
    - Defense Medical Logistics Item Identification System (DMLIIS)



# COMUSFLTFORCOM/COMPACFLT INSTRUCTION 6700.13 (DRAFT) - **MANAGEMENT AND PROCUREMENT OF AUTHORIZED MEDICAL AND DENTAL ALLOWANCE LISTS**

- Establishes responsibilities for development, maintenance, and review of AMALs and ADALs, based on the unit's required operational capabilities and the projected operational environment (ROC/POE).
- Applies to Naval Medical Logistics Command (NMLC), Fleet Type Commanders (TYCOMs) and subordinate commands with medical departments under the administrative control of Commander, United States Fleet Forces Command (CUSFFC) or Commander, U.S. Pacific Fleet (CPF).

# AMAL and ADAL Numbering

SHIP CLASS CODE + DESCRIPTION CODE

AMAL or ADAL Number

3
0

31

32

34

3031 X-ray

3032 Lab

3034 Pharmacy

# Assemblage Management

- 5 Full Time Staff (3 CIVPERS/2 MILPERS) at NMLC
- 1 Part Time Staff(1 MILPERS) collateral duty for USFFC
  - Fleet AMAL Change Coordinator

- AMAL/ADAL Reviews
  - Scheduled by TYCOM hosted by NMLC on a 12 – 18 month cycle.
- Defense Medical Logistics Item Identification System (DMLIIS)
- Leveraging use of DSCP Product Data Base (PDB) DMMONLINE Migration

## Welcome to the Naval Medical Logistics Command

CAPT Poindexter, CO
Click here for Bio

Welcome Aboard the Naval Medical Logistics Command "Public Website." If you are Military or Government (CAC enabled) you may click on the MIL/GOV Access tab on the menu bar. To learn more about the command and our mission, I invite you to extensively explore our newly designed website and to check back for updates. If you are a civilian contractor wishing to do business with Navy Medicine, click the "Doing Business With Us" panel just to the right of this message.

As always, we solicit your input and value your suggestions for improvement. Again, thank you for visiting and we hope you leave with a fuller understanding of the mission of the Naval Medical Logistics Command.

## Welcome to NAVMEDLOGCOM

CAPT James B. Poindexter, Commanding Officer

Who is NAVMEDLOGCOM? We are Medical Service Corps Officers, Supply Corps Officers, Sailors, Analysts, Contracting Specialists, Clinical Engineers, Biomedical Repairmen, Technicians, Support Staff and Contractors. We are 190 strong. We are all Logisticians. We support Navy Medicine's mission every day, and we "Keep Med Gear at the Tip of the Spear."

You may already be familiar with the support that NAVMEDLOGCOM provides to Navy Medicine in the forms of technical and procurement support for the acquisition of equipment, supplies and services. What may not be as familiar is our support to Navy's fleet and operational forces. Engineering support for medical and dental space configuration for new ships' construction such as the LHA-6 America Class amphibious assault ship and the CVN-78 Ford Class of aircraft carrier; $10M per year in lifecycle replacement of shipboard medical equipment; participation in a working group to achieve cost efficiencies through advanced acquisition planning for shipboard medical assemblages; developing adaptive force packages that will allow leveraging of all afloat platforms in support of Theater Hospitalization, Disaster Relief, and Humanitarian Civil Assistance; and an initiative to develop a clinically-based assemblage computation method are among the cutting edge services provided in support of the fleet and operational forces.

I invite you to explore our website to find out more about all our activities and services. We hope you leave with a fuller understanding

Assemblage Change Request (ACR)

# Welcome to the ACR Administration Section

The ACR admin page is undergoing changes that will make it more responsive. All changes are complete with the exception of AMAL / ADAL line item approval.

| **Click Here to Admin your ACRS!** | OR | Read the directions below to learn more about the administration process.|

## How do I use the admin section?

There have been some significant changes to the ACR administration system. The steps below will guide you through the final approval process as well as the new TYCOM discussion section. In addition, there has been the inclusion of an error / enhancement notification system that allows all users to point out system failures or suggest new features to both the technical staff and the professional staff.
